About Al Tasweeb

Since 2008, our unwavering vision has been to provide paramount safety and security to our esteemed clients and staff. We take immense pride in collaborating with prominent local and global organizations in diverse sectors within Iraq, including PETRONAS, CNOOC, CPECC, VS OIL, BOHAI, and more. Our portfolio encompasses protecting Iraqi airports, conferences, events, and dignitaries. These accomplishments reflect our commitment to exceptional security solutions, professionalism, and expertise.

Workforce

At Al Tasweeb, we recognize the critical role of dependable employees in fostering business growth. We embrace a culture of strong teamwork, support, and courage to safeguard both you and your assets. Our unwavering commitment to service quality drives us to deliver exceptional and comprehensive security solutions.

Located in Basra, our management and support team, consisting of HR, Operations, Finance, Logistics & Fleet, and Training, ensures the provision of top-notch service, maintaining high-performance standards, and offering exceptional support. We are dedicated to meeting the expectations of our esteemed clientele.

With a client-oriented approach, our staff focuses on providing reliable assistance throughout the execution of security management services. We prioritize understanding and meeting the unique needs of our clients, ensuring their satisfaction and peace of mind.

Commitment & Reliability

We deliver comprehensive security solutions with unwavering dedication to safeguarding what truly matters. Our commitment is absolute, providing a safe and reliable service with meticulous attention to detail and unwavering focus on security. We take pride in offering effective and customized solutions that align with your specific requirements and budgetary considerations. Rest assured, our services are designed to meet your needs while maintaining the highest standards of professionalism and quality.

Integrity

At our core, we hold firm to the principles of maintaining exceptional moral standards, fostering transparent and neutral modes of communication. We firmly believe in upholding honesty and integrity as the pillars of our services, as they have a profound impact on our unwavering commitment to strong moral principles. This unwavering dedication ultimately benefits our esteemed clientele, ensuring their trust and satisfaction in our services.

Performance

Our performance standards are set in stone and reach beyond the expectations of our clients. We guide and inspire our employees to deliver the highest quality of security services, which is beneficial for clients and company alike.

Expertise

We have established unwavering performance standards that consistently surpass the expectations of our esteemed clients. We provide guidance and inspiration to our employees, empowering them to deliver security services of the utmost quality. This commitment to excellence benefits both our valued clients and our organization, fostering mutual success and satisfaction.

Airport Security

Our solutions

Our team of professionals are dedicated to establishing a secure environment for passengers, effectively managing security measures and providing efficient Meet & Greet services. Whether it is during departures or arrivals, we prioritize the protection of both you and your valuable assets. Leveraging the expertise of our skilled airport liaison officers, we guarantee the seamless and professional adherence to airport protocols and processes. Rest assured, our services are designed to ensure a smooth and secure experience for all involved.

Training Services

We deeply comprehend the significance of assuming a frontline role in safeguarding your business with utmost diligence. Our training services go beyond the acquisition of basic knowledge. Our training sessions are meticulously crafted to shape the roles and responsibilities of our agents, equipping them with the necessary skills and self-assurance to execute their tasks in a highly professional manner, comparable to that of a modern-day close protection officer. We strive to provide comprehensive training that empowers our agents to fulfill their duties with confidence and efficiency, ensuring the highest level of protection for your business.

Events Security

Our solutions

Drawing upon our vast experience in event security, we excel in delivering customized security solutions tailored to meet the unique requirements of corporate events. Our expertise encompasses a wide range of occasions, including but not limited to meetings, conferences, ceremonies, and entertainment events. By introducing premium event security services, we strive to elevate the overall experience for hosts and guests alike, ensuring the utmost satisfaction and peace of mind at every level.

Leisure & Tourism

Our solutions

Creating a secure environment is paramount to enable individuals of all nationalities to fully enjoy their leisure experiences during their visits. Our dedicated team excels in providing comprehensive protection, employing effective risk management strategies and stringent safety protocols. These measures are meticulously tailored to meet the specific requirements of each client, guaranteeing the enhancement of your cherished and unforgettable experiences.

Major Corporates & Industrials

Our solutions

Different cultural norms and regulatory environments in Iraq demand high security in Major Corporates and Industrials for prosperity as time advances. Our trained security agents engage in providing secure services while protecting the data and properties of the corporates. We understand the complexity of the risks involved in the industry to provide comprehensive security solutions. Our industrial security covers all protective activities in the unit.

Oil and Gas

Our extensive expertise in working with leading oil and gas companies has made an impact on the development of the global economy. As the industry is one of the main targets of maritime piracy and terrorism, threats and sabotage attacks can often come across the supply chain and it demands high-level security services. The field operations require efficient assessment of potential risks and implementation of practical solutions to mitigate threats. Our expert guards skillfully identify risks to establish boundaries and evaluate consequences to prevent threats and recover business plans.

Our team of proficient professionals, who possess deep expertise in their respective domains, diligently assess risks to establish well-defined boundaries. Simultaneously, they meticulously evaluate potential consequences to proactively prevent such threats from impacting our valued clientele. With our unwavering commitment to security, we aim to ensure the smooth and secure operations of the oil and gas industry.

Projects

CNOOC

Al Tasweeb currently provides CNOOC with Static Security Services for the protection of the CNOOC Work Base Camp, the BUT Complex and other locations/sites inside Missan Oilfields. The current guard force is comprised of approximately three hundred (300+) armed Iraqi National guards and three (3) Expat staff.

Al Tasweeb has also been afforded the opportunity of provide Ad hoc PSD Services for transporting Company designated personnel or physical assets for trips to/from Buzurgan oilfield in Missan Province, Basra International Airport, Baghdad International Airport and any other locations inside Iraq whenever required by Company.

PETRONAS

PETRONAS

Al Tasweeb has for the past two (2) years been providing PETRONAS with both INTERCITY as well as INFIELD PSD teams. This includes twenty-six (26) vehicles, seventy-five (75) Iraqi National staff, as well as seventeen (17) Expat staff. Our Intercity services included the transportation of Petronas VIP's, rotational shift change staff, as well as JAPEX VVIP's between both Basra and Baghdad International Airports and to various other work locations withing Iraq. For our Infield services, we are responsible for the transportation of ALL VIP's and workers to various well pads and other work sites within the Gharaff Oilfield. For both Intercity and Infield contracts, B6 Armoured Toyota Land Cruisers, B6 Armoured Toyota Coasters and Soft Skin Toyota Pick Up's are used. Each Team consists

CenerTech

CENERTECH

Al Tasweeb has been providing CenerTech with Ad hoc PSD Services to and from Basra/Baghdad International airports, since 2017. The composition of our teams for these movements vary dramatically, depending on the level and amount of staff either arriving or departing. The minimum of two (2) x B6 Armoured Toyota Land Cruisers per movement are the norm. Al Tasweeb, on previous occasions have however provided our client with four (4) B6 Armoured Toyota Coasters, eight (8) x B6 Armoured Toyota Land Cruisers per move. Although our client has no immediate requirement for Expats on the teams, all teams include an English-speaking Team Leader and armed drivers/shooters.

IRAQ DRILLING COMPANY

In the past, Al Tasweeb has provided Static Security Services to two (2) IDC Rig Sites within the Gharaff Oilfield and currently provides the same standard of services to three (3) IDC Rig Sites within the Basra region. At each site, we have an Expat Site Security Manager and twelve (12) armed Iraqi National guards who are tasked with securing the site in general and whom are responsible for the safety of the resident IDC personnel.

RUHRPUMPEN

RUHRPUMPEN

Al Tasweeb currently provide Ruhrpumpen staff with Mobile Security Services (PSD), which are comprised of two (2) x B6 Armoured Toyota Land Cruisers per movement, initially to and from Basra/Baghdad International airports respectively. As Ruhrpumpen are working within the Missan Oilfield where some of our teams are based, the scope for additional PSD movements within the field between various sites are more than likely. Our teams currently for Ruhrpumpen consist of a two (2) vehicle move. Within the oilfield itself, these will be limited to a one (1) vehicle move. All teams include an English-speaking Team Leader and armed drivers/shooters. As Ruhrpumpen expands its services to CNOOC and other companies, the demand for additional vehicles to be included in PSD requests are more than likely. For example, if a crew change is required, B6 Armoured Toyota Coasters and Soft Skin pick Up's (for transportation of luggage and equipment) can be added to the current PSD configuration.
